

-
Sewing Instructions:

The Feather Vision Logo is primarily a Crimson Red and White
We occasionally have to shift this to a Black and White or Black and Red because of fabric colors.
Never do Feather and Vision in the same color

The color scheme typically follows this order:
Feather = White or Black
Vision = Red/Crimson or Black
Crescent lens shape = Silver
Starburst = Yellow or Gold

There are 2 files here, one Melco an .exp file and one Tajima a .dst file. In the embroidery world I'm told that these will cover almost 100% of the machines out there.
Please download, save and carry or e-mail to your stitching person. It should go just fine.
If you have questions send an e-mail or call
